From Virginia-Rain Storm and Flood

GREENWOOD DEPOT, VA., September 29. 2-A tremendous rain storm commenced early this morning and still continues with unabated violence. It is pouring down in torrent, and all modes of travel in this State, have been interrupted. The Eastern bound train on the Chesapeake and Ohio Rail Road from the White Sulphuer Springs this morning was unable to proceed any further than Afton Station, on account of a wash on the road, and five land slides between Afton and Gordonville The train commenced to return back to Staunton, but, after passing the Blue Ridge Tunnel, it became unsafe to proceed further, the water on the track being nearly up to the fires in the engine.

The special train containing Vice Presi dent Wyckham, Superintendent Whitcomb. Director Fish and party, had barely passed over the Waynesboro bridge, when it was swept away by the flood. The Eastern bound train, containing a large number of passengers, returning from Virginia Springs, is weatherbound in the mountians, at the West end of the Blue Ridge tunnel. No live lost.

As far as heard from, 4 P. M., the rain is still coming down in torrents. Passengers will be unable to , ; away from the tunnel and the interruption of railroads and transbefore to-morrow evening.

RICHMOND, September 29.—There is a heavy flood West of the Blue Ridge Mountains, and considerable damage has been done to the Chesapeake and Ohio Rail Road, near

RICHMOND, September 30.—The flood reached at 12.30, in a wave, five feet high, and in twenty minutes the river rose six feet. There is great excitement in the lower part of the city, removing goods from places accessible to the water. The Orange Hotel and Orange and Alexandria Rail Road bridges at Lynchburg were swept away this morning. A telegram from Gordonsville says Rivana River is flooding all the surrounding country. Houses, barrels of flour and cattle have been washing down the stream all the

The accounts that come in from the flood are more and more disastrous. The Orange and Alexandria Rail Road Bridge over Rockfish River, is reported swept away. The bridges over the Rivana and Moore's Creek, on the Chesapeake and Ohio Rail Road, are also gone, Burley's and Wells' two mills are both floating down the Rivana, with four hundred barrels of flour floating around them,-A dwelling house, completely furnished, went by this afternoon. The Rivers is filled with debris of furniture-barns, agricultural implements, crops, &c. All the crops on the low grounds are a total loss.

RICHMOND, September 30 .- Superintendent Katea, of the West Virginia Line telegraphs this morning that a number of build ings at Lynchburg, have been swept away, and that both the gas and water works are submerged. Houses from the country above have been floating by all the morning, and during last night. The new iron bridges of the South Side Road were carried away this LATEST .- The highest freshet ever known

here is prevailing at Lynchburg. The passenger bridge across the James River, a quarter of a mile long, was washed away last night. The depots of the Orange and Alexandria Rail Road, are submerged.

The Canal is submerged and the boats are going about over the tow path and through

the lower streets of the city.

The water washed up the main gas pipe, and at 11 o'clock last night Lynchburg was suddenly thrown into total darkness. large number of employee on the Southside Rail Road are cut off on an island below the

The freshet will reach Richwood about 2 o'clock to day. The river here has already risen a foot. Merchants are busy in the lower portion of the city removing good in time. The telegraph lines are down in all directions

he water is higher than ever known. No trains from Lynchburg since yesterday.

WASHINGTON, October 1 .- The Potomac River, canal and adjacent streams, are flood ed. The Long Bridge is under water. Provision has been made to avoid delaying mails or passengers. The weather to-day is clear but very hot. The Chain Bridge was washed away. Loss to the Orange and Alexandria Railroad is roughly estimated at \$500,000 A span of the Chain Bridge is now lodged against the Long Bridge. Experts say both will go. The only present communication between here and Alexandria is by boat.

WHEELING, VA., October 1.-Advices from Harper's Ferry represent a great flood have lost their lives, and many are in peril beyond the aid of their friends.

RICHMOND, VA., October 1.—The river here rose twenty-five feet last night, and this morning is within a foot of the Danville Railroad bridge and Mayo's passenger blidge.— The streets for four or five blocks, in the in the city, are submerged in four feet water. Thousands of persons are on the river banks

waiting for the bridges to go. The lower portion of Libby Prison took fire at 11 o'clock from a quantity of lime being overflowed by the flood. The fire was stopped before much damage was done -Citizens are volunteering to remove tobacco from the warehouses on the river bank Furniture, trunks and barrels of flour, and whiskey, are floating down the river. The river at 1 ynchburg has fallen eight feet. Several bridges on Virginia and Tennessee Railroad were washed away. The persons drowned, at Lynchburg, were Mrs. Rausom and her daughter, three children of Mr Whitlow, and a colored woman.

RICHMOND, October 1.—The water here is still rising. At 1:30 o'clock between 300 and 400 stores were in seven feet water, between 13th and 18th streets. The street cars plied till noon when the water coming in at | the hair due to a deposition of pigment in its the windows the line was stopped, and a ferry is now run on all the line streets from 15th to 18th. Just at noon the Manchester end of Mayo's Bridge gave way, and half a mile of the bridge floated down the stream. All the wharves are under water, and the York River Railroad Depot is completely submerg ed. Several small manufacturing establish ments along the river have been swept off. All day the river has been dotted over with small houses, fencing, dead cattle, &c., drifting

The gas works are submerged. The first wave from the Lynchburg freshet struck here at 5 o'clock this morning, and the river commenced rising with much greater rapidity than before, when it was only swollen by the overflow In three hours the lower end of the city known as Rockets was under water, and the scone there beggars description. Two rank of Lieutenant-Colonel.

or three small stores were swept off, with all their contents. The families who had remained in their houses, hoping the flood would subside, commenced erying from the upper windows for help Boats were brought and they were saved, but the larger portion of their furniture was lost. Two hundred families in that portion of the city are house. less to night, camping out on the neighboring hills.

To night the bridge of the Richmond and Danville Railroad still stands, but the river is still rising, and it is hardly believed it can stand much longer. All the large cotton, iron and flour mills, employing 2,000 hands, have been forced by the flood to stop opera tions. The city water works have also been stopped, so damaged that they cannot be repaired in two weeks. The reservoir only contains five days' supply for the city. All the ice houses in the city are on the river bank, and are twenty feet under water. The water is seven feet higher than ever known before. A despatch from Lynchburg says the river there is rising again.

GREENWOOD, VA., October 3 .- It rained very heavy again all day yesterday and last night. Owing to the destruction of mills portation, there is much suffering among the poor of the destroyed district. It is reported that breadstuffs have advanced. Such of the passengers here of the cut off train as desire it, will be transported to Charlottesville to morrow, and then ferried across More's Creek and Rivana River to connect with the train on the opposite side.

RICHMOND, October S .- The Counties, as far as heard from, are fourteen. The amount of destruction of grain, tobacco, barns, fences, eattle, hogs, horses and mills, is incalculable. The number of mills and dams destroyed withing the range of the flood are about fifty. The freshet was confined within the radius of the upper valley of Virginia. The flood was so great that it carried cows and hogs before it like so many chips of wood.

It was particularly severe along the Chesa peake and Obio Railroad. At Shadweii, about a mile of track was washed away. --Some dozen land slides are reported between Cobham and Milboro, and eight or ten bridges were swept away. The road is damaged to the extent of \$100,000. At the mountain top house on summit of Blue Ridge Mountains the kitchen were flooded with water. Forty-seven lives were lost by the flood at

Harper's Ferry.

A SOUTH CAROLINA SENATOR IN TROU BLE .- Most of our readers have, no doubt, seen the fine team which Arnim, the carpetbag Senator from Edgefield District, is in the habit of driving when he comes to Augusta. On yesterday, it appears, that the Legislator and his horse got into trouble while on the rebellious soil of Georgia. It seems that the horse and buggy were standing in front of the Globe Hotel, in charge of a negro, when the Deputy City Sheriff, Mr. Levy, approached the owner, who stood on the pavement a few feet from his property The officer informed the honorable carpet bagger that a party in this city, to whom he owed money, had sucd out an attachment against his horse, and that either the money or the animal must come immediately. Arnim parleyed for a few min-utes, and while doing so, gave his negro boy a signal to drive back to Hamburg. The driver obeyed, and the horse's head being turned up Jackson street, drove rapidly to Ellis street and then went down that street, making for the Savannah River. As soon as the Sheriff saw the move, however, he ran down Broad street at full speed, and headed the horse on Centre street, a short distance from the bridge. The officer at once took possession, and the Senator was forced to pay up.—Augusta Chronicle and Sentinel.

ANOTHER FALSEHOOD. -- In their campaign address the Scott Ring say that in 1866 eurrency was authorized called the "Bill Receivable of the State," to the amount of half a million, "of which about \$300,000 had been issued prior to the inauguration of the present (Ring) government." This is a whopper. Governor Orr, in his message to the Scott Legislature, (page 7) says: "On the 1st of May, 1868, (when the Scott gov ernment came into power.) there was out estanding and in circulation of these bills receivable only \$135,687." The amount actually outstanding was less than hulf the amount stated in the campaign address to have been in circulation. To redeem this \$135,687 of bills receivable, the Ring author. ized the Governor to contract a loan of \$500, 000, and, according to the campaign address, in the Shenanhoah River. Many substantial \$370,000 is contracted in paying a floating buildings have been destroyed. Fifty persons debt of \$135,687, and then the Ring have debt of \$135,687, and then the Ring have the audacity to say that "these bonds are "wholly chargeable to those who preceded "the present administration."— Charleston

EFFORT THE HARBINGER OF SUCCESS.-We believe, (says the Newberry Herald,) that vicinity of the old market, the lowest point the Reform party will carry the election, but there must be no flagging on their part. We must work till the very last minute. There must be no such thought as this-that we are certain to carry the day and therefore it is not necessary to put out any extra exertion. Do not count on that, but be confident of success, and work with all the powers of the mind and strength. The stake is worth working fyr, and the enemy to be combatted is unscrupulous and sleepless, and needs watching and counteracting. The Radicals have injured their cause materially and they know it. They know that to-day there are hundreds of colored men who will vote the Reform ticket, who two weel: ago were all for the Ring, and it is our duty to look after the returning prodigals, and keep them from being led off and gobbled up. Toe the mark every man, and the day will be ours.

> nea. The microscope shows the color of substance. When the hair glands become enfeebled, this pigment fails. One after another the h irs become white, or fall out, producing baldness. Baldness is easy to prevent but hard to cure. AYER'S HAIR VIGOR stops it; even restores the hair sometimes; always restores its color. Immediate renovation is at once visible; softness, freshness and the gloss of youth. This great ornament should be preserved, since it can be by AYER's HAIR VIGOR, which is beautifully clean and free from anything injurious to the hair .-Tribune, Springville, N. Y.

Lar Joo Crews has been appointed aidede-camp on Governor Scott's staff, with the

AB In Spartanburg county, the Reform party are largely in the majority. In order to neutralize this as much as possible, Scott's Commissioners of election have determined not to open the polls at the Court House, but at a point several miles distant. The people Baggi of the town have made arrangements to furnish conveyance to the polls, for every person who may wish to vote against radicalism.

#### Special Notices. To the Votors of Oconee County.

FELLOW CITIZENS: -- I take the liberty of presenting myself before you as an independent candidate for Probate Judge for Occree County, and having decided to do so at so late a day that it will be impossible for me to canvass the county therefore I hope my friends, in the different sections of the county, will do me the favor to circulate my name as such. Most Respectfully.

AHEAD OF THE NORTH -In many things the North has for a long time been ahead of the South, merely because our people have neglected their natural advantages. In nothing was this more palpably the case than in the manufacture of doors, sashes, blinds, mouldings, &c. This was noticed by Mr. P. P Toale, an enterprising Charlestonian, and he has now one of the largest and most suc cessful manufactories of doors sashes and blinds in the whole country. See his advertisement

WM KORBER, See'y.

After THIRTY YEARS trial, is still receiving the persons of the highest character and responsibili-ty.—Physicians, of the first respectability, recemmend it as a most effectual preparation for the extinction of pain. It is not only the best remey ever known for Bruises, Cets. Burns, &c., but for Dysentery or Cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great circes of In-dia and other hot climates, it has become the Standard Medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Conghs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony, to be an invaluable medicine. Directions accompany each bottle. Sold by all Druggists.

Price 25 cts., 50 cts., and \$1 per bottle. Sept. 12-1m.

Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complanits. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision ngainst sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

### Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dunb Ague, Periodical or Billous Fever, &c., and indeed all the affections which arise from malarious, marsh, or missmatic poisons.

rom matarious, marsh, or mismatic poissons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zine, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, slimulating the Liver into healthy activity.

For Billious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.
